Addendum No. 1
Request for Proposals
Dam & Intake Structure Engineering Services
Morris Sheppard Dam in Graford, TX; De Cordova Bend Dam in Granbury, TX;
and Sterling C. Robertson Dam in Thornton, TX

RFP No. 14-10-841

It is the responsibility of the Proposer to assure and guarantee by acknowledging the receipt of this Addendum in the Proposal that the Proposer has received the Addendum in its entirety, and that the Proposer accepts all conditions contained herein.

Listed below are questions received as of 5:00 PM on Monday, September 29 and the responses:

Q1. The e-mail notice for RFP #841 Dam and Intake Structure Engineering Services, under "Scope of Services," states that "individual task orders will be negotiated with the Firm and task orders issued for the services as required"; in the following paragraph, potential professional services are delineated. As such, can a firm provide qualifications for only the professional services most suitable for that firm, or must the respondent provide qualifications, including subconsultants as required, for all identified professional services, and therefore intend to manage any and all projects for which task orders are issued under this RFQ?

A The response should provide information that demonstrates that the Firm, together with identified sub-consultants is qualified to perform any of the services needed.

REMINDER

4:00 PM, Thursday, October 2, 2014	Last date and time to ask questions or request additional information. Email questions to Lupe Diaz at ldiaz@brazos.org

Thank you for your participation.

Sincerely,

Jose G. (Lupe) Diaz
